

15,000 AT PYTHIAN MEET

ast Crowd Attends National Gathering of Supreme Lodge, Uniformed Knights and The Sisters.

BOSTON Aug 3—The twenty-fifth convention of the Supreme Lodge and the biennial encampment of the Uniform Rank of the Knights of Pythian, with the annual convention of the Pythian Sisters, was formally opened this morning with an attendance estimated at from 75,000 to 85,000 delegates and members.

The Pythians will hold business sessions and parades for six days.

The most interesting feature of the convention was the encampment of the Uniform Rank which dedicated Fort George Lyon at Franklin Field today. Over 10,000 accompanied the knights on this Boston's most expensive playground and here the chief features of the first day's program was held.

THOUSANDS ATTEND.

Early in the afternoon the convention delegates gathered in King Solomon Temple to witness the exemplification of work by King Solomon Temple of the Pythian Sisters of Boston.

Immediately after the camp at Franklin Field was dedicated Representative Sydney D. Woodworth of Boston president of the ways and means committee, formally turned the camp over to Charles A. Barnes of Jacksonville. The supreme chancellor who accepted the camp who in turn passed it over to Arthur J. Blodard of St. Paul major general commanding the Uniform Rank. The flag of the camp was then raised over the tented city and the encampment was formally under its orders.

GREAT ARMY IN CAMP.

Companies of the Uniform Rank were arriving until late last night, one company each arriving from Washington, Colorado and California. Over 8000 of the 7000 uniformed knights were in camp at midnight. The city is gaily decorated.

ADmits NELSON WILL TO PROBATE

The will of J. J. Nelson, the popular clubman, who was killed in a recent automobile accident was admitted to probate today. The estate which is valued at approximately \$50,000, is left in equal shares to Peter and Emilie Nelson respectively a brother and sister of the dead man Hans Nelson his father who took out special letters of administration pending the discovery of a will was not mentioned in the document.

SHRIMP COMPANY ATTACHED AGAIN

Judge Melvin Dismisses One Action, but Another is Commenced at Once

Judge Henry Melvin this morning dismissed the attachment against the California Shrimp Company which had been taken out to close the plant of that concern and left the Union Shrimp Company in full control of the shrimp packing industry on San Francisco Bay. Judge Melvin's decision was based upon legal objections to the affidavit on which the attachment was granted. Judge Neuberger, representing the plaintiffs in the action, immediately secured a new injunction, having attended his affidavits to fulfill the requirements of the law.

SHARP LEGAL BATTLE

The defendants were represented in court by Stanley Lloyd, who fought a sharp legal battle with Judge Neuberger for more than one hour before he finally received a revocation of the court order.

Mrs. Moore stated that an action brought against individuals on one corporation could not be held against another corporation in which they were interested or, in fact, any other corporation at all.

WOMEN'S PROHIBITION PARTY MEETS TONIGHT

ELIZABETH MOORE, State Chaplain.

Dorez Photo.

National Officers Will Deliver Addresses

The second quarterly meeting of the Alameda County Women's Prohibition Party will be held at Belvoir Park tonight and tomorrow morning afternoon and evening. T. H. Montgomery will preside over the opening exercises which will commence tonight at 7 o'clock with song service. The Rev. Mr. M. N. Nichols will give scripture readings. The Nazarene Quartet will render music during the evening and an address will be given by the Rev. E. G. Linawarer. His subject will be "The Church and the Saloon." Open parliament will be led by the Rev. Mr. H. Orton Wiles.

TOMORROW'S SESSION

Mrs. Stewart Hamilton chairman of the Alameda County Prohibition Party will preside at tomorrow morning's meeting which will be one of prayer and conference. Mrs. Elizabeth Moore State chaplain and treasurer of the Alameda County Prohibition Party will deliver an address upon individual opportunity.

The county chairman's address will be delivered by Mrs. Stewart Hamilton. There will also be a reading and adoption of the county constitution.

NATIONAL CHAPLAIN HERE.

The Rev. Mrs. Anna Pow Bauder national chaplain will preside at the

afternoon services, which will be led in devotion by Mrs. Edward M. Kinley. Miss Addie Mae Council of North Carolina will give a reading. Mrs. R. T. Burns will lead the musical part of the program. Prohibition Its Relation to Rescue Work, will be discussed by Mrs. Sara Howland Mason of Diamond. The Rev. Mrs. George Morris will address the meeting upon "The Christian Soldier Box." Mrs. Ellen Toyko Kerr State treasurer will speak upon "Finding the Conservative Dollar."

OTHERS ON PROGRAM

The program for the remainder of the afternoon and for the evening is as follows:

The Responsibility of Motherhood in Her Relation to Church and State. Conservation series. And a Little Child Shall Lead Them Song. Lord I Give My Child to Thee. Miss Ruth Moore.

At the evening meeting Mrs. Stewart Hamilton will act as chairman. Song service, prayer, Rev. Frank Rhoads' music address, Prof. S. P. Meeks' solo, Miss Thera Hamilton address, Rev. C. P. Moore's ratification meeting by the men of the party, colonial adjournment benediction.

ALEXANDERS ARE NOW BACK FROM THE SOUTH

SAN FRANCISCO Aug 3—Mr. and Mrs. Charles B. Alexander returned to the Fairmont today from Santa Barbara where they were guests of their son Neil. Neil is a young lawyer who with his devoted wife Jeanette Alexander are still with their son Miss Jeannie Crocker at her home in San Mateo.

The deepest sympathy is extended to Mr. Walter S. Hobart, Mrs. Albert S. Tilley and Wilhelmina W. Williams.

In support of his argument he cited a case of an action brought by Attorney Donovan against the Southern Pacific Railroad which should have been brought against the Southern Pacific Company and was declared invalid on those grounds.

IN FULL CONTROL

The action and cross action this morning leave the Union Shrimp Company in control of the industry until such time as the promissory notes for the non-payment of which the attachments were granted shall have been taken up by the California Company or proceedings to dissolve the existing corporation are brought to a conclusion.

Mr. and Mrs. Covington Pringle have leased a house on the corner of Harrison and 10th streets and we hope they will come to town and spend six months.

Mr. and Mrs. John H. Polson are building a new attractive home on Jack and Walnut streets and we hope it will be completed before the Christmas holidays.

Mr. and Mrs. A. R. Hammill and their daughter who are touring through Switzerland with most interesting accounts of their travels.

Mr. and Mrs. Covington Pringle have leased a house on the corner of Harrison and 10th streets and expect to close in early autumn the 1st of September when they will come to town and spend six months.

Alex Gertrude Moffitt is at Lake Tahoe visiting her brother in law and sister Dr. Herbert C. Moffitt and Mrs. Moffitt.

Mr. and Mrs. Joseph T. King returned today from a week end visit to Del Norte.

Three Men, One an ex-Senator, are Acquitted By Jury of Charges.

SCHOOL DISTRICTS ARE DEPOPULATED BY COMPANY

School districts continue to lapse in the county by reason of the encroachment upon habitable property by the Spring Valley Water Company, a fact which was shown at the meeting of the supervisors this morning by Superintendent of Schools Flick.

That official sent a communication to the board to the effect that during the school year ending June 30, 1908, the school districts of Rosedale and Atroy Valley had failed to maintain an average daily attendance of five children, as required by law. As a consequence, he stated that under the law he had suspended the districts.

The Superintendent recommended that the districts be declared closed and that the property belonging to them be disposed of.

Action in the matter was deferred until the District Attorney could be consulted.

SHOOTS 2; WALKS TO PRISON

N. Witt Opposes Claim-Jumpers With Rifle, Killing One and Wounding Another.

RANDSBURG Cal Aug 3—A double tragedy in which two men were shot, one killed and the other dangerously wounded occurred six miles west of Garden Station this morning. The story was brought in by J. N. Witt who did the shooting.

There had been difficulty over a man named Cheesborough and Witt jumping a claim owned by M. S. Tarkington and Edward T. Peck.

Witt says he was living in his own house with his family and was just preparing to go camping to the mountains this morning when Peck and Tarkington came into his yard and began to drive a stake. He ordered them off and went toward them carrying a Winchester rifle and when within a dozen feet of Peck shot him through the heart and then turned the gun on Tarkington and shot him through the face and neck. Tarkington begged him not to shoot again and got to his feet starting for a railroad camp several miles away. Witt was received afterward that he reached the camp fainting as he arrived and it is thought he is mortally wounded. His family lives in Tulare and Peck's father lives in Fresno.

Witt brought his family to Johannesburg and gave himself up. Tarkington left, vanishing last evening and when going away said he was determined to avoid trouble. He is quite ignorant of old soldiers and a member of Al Mcleish Shrine at Los Angeles. There were no witnesses except Witt's family.

VALLEJO TAKES UP WATER SUPPLY QUESTION

City Officials Discuss Question of Obtaining the Entire Plant of the Chabot Company.

VALLEJO Aug 3—After a conference of nearly two hours between the city officials and representatives of the Chabot Company (Chabot system) the question of the city procuring water from that source to tide it over the present difficulty seemed farther from settlement than ever and when the San Franciscans returned to that city it was with the understanding that they would again submit the matter to the board of directors of the company a course that was followed a week or more ago and which led to little good. The result of the meeting of the board is to be communicated to the municipal officials tomorrow, but inasmuch as similar action was taken after the previous conference and the company has since repudiated the agreement reached then the outlook is far from bright.

OTHERS ON PROGRAM

The program for the remainder of the afternoon and for the evening is as follows:

The Responsibility of Motherhood in Her Relation to Church and State.

Conservation series. And a Little Child Shall Lead Them Song. Lord I Give My Child to Thee. Miss Ruth Moore.

At the evening meeting Mrs. Stewart Hamilton will act as chairman. Song service, prayer, Rev. Frank Rhoads' music address, Prof. S. P. Meeks' solo, Miss Thera Hamilton address, Rev. C. P. Moore's ratification meeting by the men of the party, colonial adjournment benediction.

ENTER CONFERENCE.

J. H. Dieckman superintendent of the concern and R. M. Fitzgerald, the attorney representing the company came to Vallejo this morning and a conference was immediately held at the City Hall at which there were present as representatives of the city's interest Mayor Madigan, Trustees O'Reilly, Sullivan and Brownie and Commissioner of Public Works Blake.

First of all the Chabot Company will offer the city to purchase its entire plant and in lieu of this wants a franchise to sell water in the city—the term of such franchise not being mentioned, but being suggested as twenty-five years when the proposition was first broached some time ago.

Mr. Fitzgerald argued that some lasting benefits should accrue to the company for the accommodation given at this time contending that another year the city might be in a similar position and would therefore still be dependent upon the Chabot company. Until therefore the company was granted lasting privileges it would not consider the question of selling water to the city.

Mr. Fitzgerald argued that some lasting benefits should accrue to the company for the accommodation given at this time contending that another year the city might be in a similar position and would therefore still be dependent upon the Chabot company. Until therefore the company was granted lasting privileges it would not consider the question of selling water to the city.

Since the fire those who were rendered homeless have been cared for at the German Hospital in San Francisco and in private homes.

Temporary building are not adequate to the needs of the organization.

The Altenheim Association is supported by prominent and influential families all over the State.

Every effort will be made to push the new permanent fireproof structure in completion for the facilities of the

city.

LAND FRAUD CASES IN OREGON LOST

Three Men, One an ex-Senator, are Acquitted By Jury of Charges.

PORTLAND Ore Aug 3—Ex-Senator R. P. Bothell, Oregon's representative in the House of Representatives, and James H. Bowes ex-chairman of the land office at Roseburg and Thomas E. Singleton who have been on trial for several days in the United States district court on a charge of conspiracy to defraud the government of 160 acres of public land in Douglas county, were acquitted by the jury Saturday.

STRIKE CALLED IN BIG PAPER MILLS

BOSTON Aug 3—Paper workers in the mills of the International Paper Company in various places in New England are affected by an order issued Saturday by President J. F. Caley of the International Brotherhood of Paper Makers, calling for a strike today on account of a recent announcement of a decreased wage schedule. The fact, however, that some of the mills of the company at Franklin and Berlin N. H. and Bellows Falls Vt are closed, lessens the force of the strike order. All of the mills of the company at Franklin and Berlin N. H. and Bellows Falls Vt are closed. These mills employ about eighty-five hands. At Rumford Falls, Livermore Falls and Webster, Maine, where the strike order was also received, more than 1000 men are affected.

W. E. GRIFFITH ANNOUNCES CANDIDACY FOR SUPERVISOR

W. E. GRIFFITH, who is candidate for Supervisor.

To the voters of the Fourth Supervisorial District

I pon the earnest solicitations of many of my friends I have decided to announce my candidacy for the Republic in nomination of Supervisor for the Fourth Supervisorial District of the County of Alameda.

I believe that my business experience together with my familiarity with the needs of this county qualify me to give a satisfactory administration and pledge myself in the event of my nomination and election to be guided only by my desire to considerately protect and foster the best interests of my constituents.

NEW QUARTERS OF 20 PRETTY MAIDS HOME NOW READY SEE THE SIGHTS

Altenheim Inmates to Be Placed In Temporary Quarters, Just Completed.

The temporary structure erected by the Altenheim Association to shelter the inmates after the fire which on July 3 totally destroyed the former handsome structure has been completed and tomorrow the aged inmates will be established in their new quarters.

The building is a low wooden structure but furnished with every convenience. There are forty-four rooms all supplied with hot and cold water and lighted by electricity. It is estimated that about eighty will make their home there.

Since the fire those who were rendered homeless have been cared for at the German Hospital in San Francisco and in private homes.

Temporary building are not adequate to the needs of the organization.

The Altenheim Association is supported by prominent and influential families all over the State.

Soldiers to Wear Orange-Red Underclothing As Protection Against Island Acnic Ray

WASHINGTON Aug 3—Out in the Philippines the army is to conduct a contest of the use of the underclothing of suitable color to protect the troops against the acnic ray. While the effect of the sun in the Philippines and in the better portion of India is said to be far less than in the United States, the acnic ray is believed to be a factor in the formation of skin diseases. It is believed that the use of red clothing of a color which is not affected by the sun's rays will be effective in protecting the skin.

It is believed that the use of orange-red clothing will be effective in protecting the skin.

BEATEN BY A FORMER EMPLOYEE

National Theater Proprietors Assaulted by Former Special Policeman Who Had a Grudge Against Them.

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, Aug. 3.—Sam Grauman, D. J. Grauman and Zieg Abrams, proprietors of the National Theater, and Electrician Ford, moving picture operator for the same house, are nursing some severe wounds inflicted during last night's performance, it is claimed, by Special Policeman Steffins, who was formerly employed at the theaters.

Steffins was discharged some time ago, and last night, as the story goes, he appeared in a somewhat ugly mood, and after the performance had begun and found the three proprietors in the lobby. He immediately attacked them and each one received a well-directed blow. Wishing to avoid trouble during the progress of the show, they retired to the box office and locked the door. Steffins followed, but finding himself balked, proceeded to the rear of the theater, where Ford was preparing to operate his moving picture machine.

He, too, was laid low by Steffins, but an alarm had by this time been raised and a new special policeman employed in the house approached. Fearing he would be arrested Steffins made his escape and a warrant will be sworn out for his arrest today.

CLOUDBURST STRIKES A TOWN

Big Flood of Water, Ten Feet High, Covers Lower Part of Town of Flagstaff, Arizona.

FLAGSTAFF, Ariz., Aug. 3.—A cloudburst in the mountains this morning at 6 o'clock, north of Flagstaff, brought a flood of water ten feet high down the river De Flag, which broke the levee in several places, flooding the lower part of the city, tearing out bridges and doing severe damage to houses and contents.

Two miles of track are reported out on the Grand Canyon railroad between Williams and the canyon. Westbound trains are delayed by washouts east. Last night's storm was the most severe of the season, lightning striking in dozens of places about the city, but luckily without damage. The floods have subsided.

FUTURE WARSHIPS WILL BE SILENT

Smokeless, Noiseless Battleships Are Predicted by Well Known Government Engineers.

NEW YORK, Aug. 3.—The war vessel of the future will be a swift in the water, with every vulnerable part below the water line, the entire deck being given over to the work of the guns. There will be no smoke, because there will be no smoke stacks. In the night there will be nothing to betray the presence of this invincible fighting demon to the enemy.

This prediction was made today by Robert Heywood Fernald, mechanical engineer, who has for several years been connected with the fuel investigation of the United States Geological Survey.

Mr. Fernald believes that the gas engine or internal combustion machine, as it is called, will be installed in naval vessels of the United States within the next few years.

UNITED STATES TO LEAD.

"I expect to see the United States ahead of every other nation in this invention," said Mr. Fernald. "The gas engine, in my opinion, is feasible on any vessel because of its economy over the steam engine, but it is especially desirable on the fighting ship, for the reason that it makes no smoke. The gas is generated by a producer which has no chimney; and needs none. The coal is turned directly into gas which goes straight to the engine."

"The elimination of the smoke is sufficient to call for the installation of the gas engine, yet there are many other features in its favor. The vessel would have a free deck for the play of its big guns. There would be no towering stacks to puncture or destroy, thus perhaps crippling the boat. Then it would be unnecessary to carry as much coal, for the same power can be developed with one-third less than the steam engine uses."

NEW JUDEAN SOCIETY WILL BE CONVERTED INTO SECRET ORDER

Top row, left to right, DOHRMAN, Trustee; E. EISENBERG, Chairman of Trustees; LEWIS WAXMAN, third Trustee, lower row; left to right, M. SCHONFELD, Secretary; HARRY BUCHANAN, President; NATHAN WOLF, Vice President.

—Bushnell Photo.

Many Social Affairs Arranged for Near Future

The first annual dance to be given by the Judean Society of this city will be held August 23, in Armory Hall. A series of events which have been planned by the society will take place in the near future. Arrangements are already made for a tramp over the hills on September 23. On August 11 a banquet will be given in a downtown restaurant.

The Judean Society, which is composed of seventy-five enterprising Jewish young men, is formulating plans for converting the society into a lodge which will confer three degrees. The first will be the Life of Moses, the second the different torches, the third Life of Judas. It will be formed on the same principle as all secret organizations.

The members of the society are working zealously for the establishment of new headquarters.

The officers of the society are Harry Brown, president; Nathan Wolf, vice-president; M. Schonfeld, secretary; N. Dohrmann, trustee; E. Eisenberg, chairman of trustees; Lewis Waxman, third trustee.

TOWN BURNS LEAVING 600 WITHOUT HOMES

(Continued from Page One.)

cover awoke this morning with a full sense of completeness of the destruction around Fernie. According to a competent authority the loss will exceed \$10,000,000 and the death toll total never will be known. It is now believed that at least 200 have perished.

Specials received by underwriters this morning say that Hosmer and Michel have been burned. At the former place the Canadian Pacific Railway's now coal tipple is valued at a quarter of a million.

Vancouver wired \$5000 for relief yesterday and a train load of supplies goes out this morning. Winnipeg has dispatched a special train with nurses, doctors, hospital stores and provisions.

Loggers to the number of eighty in the camps of the Elk Lumber Company have perished in the flames and several settlers, with their families, who lived on the line of the railroad between Fernie and Michel, have disappeared. The death toll will probably grow larger and a special wire from Winnipeg relates that it will reach 400.

IT IS RAISING.

WINNIPEG, Aug. 3.—The dam is broke out again in Michel and Hosmer this morning. The wind is rising and Michel seems doomed.

WINNIPEG, Aug. 3.—The latest estimate of the dead in the Elk River district by bush fires which have been raging from Michel to Fernie, is 150 persons. The property loss is \$5,000,000, and 6000 persons are homeless and destitute. Thousands of dollars have been sent by Western Canadian cities this morning to the relief of the destitute. Medical supplies are greatly needed.

Fernie, with its lumber mills and railway terminals, is wiped out. The fire is still raging around Hosmer and Sparwood, but Michel is safe, the wind dying out at Fernie. If a gale springs up that city will be again in danger soon.

Seventy men in Elk river camps perished.

MASS OF FLAMES.

Ten cottages, two coal offices, the Western Canadian Grocery and the coal company's new warehouse are all that remain of the village. The coal offices were destroyed by fire.

FIRE SWEEPS OVER 40 MILES; STILL BURNING

WINNIPEG, Man., Aug. 3.—The most dreadful configuration in the history of Canada has swept the Elk River Valley in East Kootenay. For forty miles a tremendous bush fire has burned everything before it. It has held full and terrible away since Saturday afternoon.

Estimates are that 150 people have met death in the flames.

The following places have been destroyed:

Fernie, with a population of 3500; Coal:

remains of Fernie. Within fifteen minutes of the time the fire broke out into the city the place was a mass of swirling flames.

As early as 2 o'clock Saturday afternoon the Fernie steel brewery, the first large building to catch fire, was burned. Houses in the immediate neighborhood soon caught and though the people turned out to fight the fire immediately, the flames spread rapidly and the whole place was soon on fire.

RESIDENCES BURNED.

Old Town, where most of the miners resided, soon burned, and then the business portion caught fire.

The large residential portion came last, after the fine mills of the Elk River Lumber Company had been destroyed. The West Fernie bridges across Elk River could not be saved.

Several people lost their lives trying to escape over the burning bridge. The fire spread with such rapidity that hardly anything was saved. Numbers of people fled to the river banks and sought refuge by wading in the water; others ran to the Canadian Pacific tracks where special trains were waiting to convey them to Michel, but this trip could not be made because the bridge between Hosmer and Michel was burned out.

NIGHT OF TERROR.

During the night the coal companies' office was used as a distributing point for food. Saturday night was fearful one of excitement and many heart-rending scenes were witnessed. It was spent in getting many of the women and children upon the trains and starting them for Cranbrook. During the night the wind went down and Sunday morning many of the men and their stork-hearted wives came in from the hills, to which they had fled, to view the smoking remains of their city. Many harrowing tales were told. One woman of West Fernie had just emerged from her home, which was on fire. She dropped dead of heart disease. The neighbors buried her in her garden and then ran for their lives.

YESTERDAY.

Yesterday, accompanied by the same man, he was brought back to this city and placed upon a Madison street car, 5 cents only being given him to pay his fare. He says that the kidnaper boarded a San Bruno avenue car and he has not seen him since.

Jackson says further that he is under the impression that the man who took him was from Vancouver. He was at Palm Cafe, out near the six-mile house, and through his daughter he has furnished the police with an excellent description of him.

BOARD RECEIVES BIDS ON PARK STREET PAVEMENTS

Estimates are lower than those of County Surveyor.

At the meeting of the Board of Supervisors this morning there was lively bidding for the contract of macadamizing Park street, from East Fourteenth to the Tidal Canal bridge, a distance of 4000 feet. There was a difference of only \$10 between the two lowest bidders, although a difference of \$700 existed between the lowest bidder and the estimate of the cost by the County Surveyor.

The proposals and the bidders were as follows: A. H. Kappeler, \$2642.50; P. H. Hoare, \$2275; Howell Brothers' Construction Co., \$375; Hutchinson Co., \$3187; Ransome Consolidated Co., \$2280.

The contract was awarded to the Ransome Construction Company.

The proposals and the bidders were as follows: A. H. Kappeler, \$2642.50; P. H. Hoare, \$2275; Howell Brothers' Construction Co., \$375; Hutchinson Co., \$3187; Ransome Consolidated Co., \$2280.

The contract was awarded to the Ransome Construction Company.

There is out a store, bank or business concern of any sort left standing, except the Great Northern depot and water tank, and the big concrete warehouse of the Trebil Company. Fernie is wide open and not enough remains to justify the maintenance of a flag station.

There are about 2000 people, mostly women and little children, are being cared for until they have time to look about them. These are being shipped to Cranbrook, where every public and nearly all the private houses are being used as temporary shelters for the homeless, and in many cases maimed refugees.

The relief committee organized by Mayor Frank sent away two trains filled with provisions, blankets, stoves, flour and other requirements.

90 LUMBERMEN CAUGHT BY FIRE AND LOSE LIVES

CHICAGO, Aug. 3.—E. W. Steer of Caron, B. C., who has extensive interests there and at Fernie, in the city today and declared that he had received information from Winnipeg to the effect that ninety lumbermen employed by the Elk River Lumber Company at Fernie had lost their lives. This company is managed by W. J. Lynch of St. Paul, who looked after the interests of Governor Johnson at the recent Democratic con-

vention at Denver. He said that Peter Seipel of Dunsmuir, B. C., and H. D. Campbell of Stillwater, Minn., both of whom are locally interested in the lumber trade, were at Fernie with their families for the summer and he believes from the printed accounts of the district that they must have lost their lives.

Steer declares that the Eastern British Columbia Lumber Company, with which he is connected, lost its plant and about 50,000,000 feet of lumber at Fernie.

"The elimination of the smoke is sufficient to call for the installation of the gas engine, yet there are many other features in its favor. The vessel would have a free deck for the play of its big guns. There would be no towering stacks to puncture or destroy, thus perhaps crippling the boat. Then it would be unnecessary to carry as much coal, for the same power can be developed with one-third less than the steam engine uses."

CANBROOK, B. C., Aug. 3.—A witness of the fire at Fernie says: "The damage cannot fall short of \$5-

WHO IS THIS WEALTHY SUICIDE?

This Is the Question Asked By San Francisco Coroner About Unidentified Man; Well Dressed and Refined.

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, Aug. 3.—Coroner Landis is particularly anxious to learn the identity of a well-dressed and apparently prosperous citizen who either committed suicide or was accidentally drowned on Lands End on Saturday afternoon.

The body was discovered by the life-saving crew and had been in the water scarcely one hour. There were found in the man's pockets \$36.40 in cash, a pair of glasses and a key and a marked "358," as well as a silver cigarette case.

He was described as five feet eleven inches in height, apparently 45 years old, heavily built and weighing about 220 pounds. He had sandy hair and mustache, slightly tinged with gray; blue eyes and a scar on the left cheek. He wore a well-made black suit with lace shoes and tan stockings.

MAE WOOD'S TRIAL FOR PERJURY BEGINS

Charge Growing Out of the Scandal Involving Her and Senator to Be Pressed.

NEW YORK, Aug. 3.—The trial of Mae E. Wood, who is charged with forgery and perjury, alleged to have been committed in her suit for divorce from United States Senator Thomas C. Platt, to whom she alleged she was married in 1901, was scheduled to begin in the court of general sessions today.

Mae Wood's suit against Senator Platt was dismissed by Judge O'Gorman, who heard the case, and who then ordered Miss Wood's arrest. She has since been in jail for several months being unable to secure bail.

She is charged with forgery in procuring the signature of Senator Platt and after fixing it to a letter from the Senator which purported to acknowledge her as his wife. The Senator declared that he did not write the letter and produced a woman witness who said she had secured the Senator's signature to a blank sheet and gave it to Miss Wood.

The charge of perjury against Miss Wood is based upon the marriage certificate attesting to her alleged marriage to the Senator, which, she declared, was made out and signed on the day of her alleged marriage. The printer of the blank form of the certificate testified that the form had not been printed at that time.

The charge of perjury against Miss Wood is based upon the marriage certificate attesting to her alleged marriage to the Senator, which, she declared, was made out and signed on the day of her alleged marriage. The printer of the blank form of the certificate testified that the form had not been printed at that time.

An investigation into the trouble by Policemen Skelly and Kelly of the Mission station, resulted in the discovery that O'Brien and two other men had become involved in an argument over the payment of drinks and had been beaten by them. Both were unknown in the neighborhood and made their escape as soon as they saw that O'Brien was badly hurt.

THREE FIGHT OVER DRINKS; ONE HURT

SAN FRANCISCO, Aug. 3.—Edward O'Brien, a teamster, residing at 78 Clipper street, was taken to the Central Emergency Hospital at 1 o'clock this morning suffering from a badly lacerated wound of the scalp received in a fight in Elliott's saloon, at the corner of Jersey and Castro streets.

An investigation into the trouble by Policemen Skelly and Kelly of the Mission station, resulted in the discovery that O'Brien and two other men had become involved in an argument over the payment of drinks and had been beaten by them. Both were unknown in the neighborhood and made their escape as soon as they saw that O'Brien was badly hurt.

AMUSEMENTS

BELL THEATRE

The only high-class popular priced Vaudeville Theater in Oakland.

KIDNAPED

(Continued from page 1.)

In a hotel. Here he remained in close confinement for three days unaccompanied by his abductor. Fifty dollars in coin which he had in his pocket had been taken from him and he could get no satisfaction to why he was being held. On Wednesday he was justice to the place and taken by train to San Jose, where he was kept until yesterday.

He was quoted several times about the Buttechuk case and also about his wife's divorce proceedings, and was told that if he did not keep quiet the mob would get him.

RETURNED TO CITY.

Yesterday, accompanied by the same man, he was brought back to this city and placed upon a Madison street car, 5 cents only being given him to pay his fare. He says that the kidnaper boarded a San Bruno avenue car and he has not seen him since.

Jackson says further that he is under the impression that the man who took him was from Vancouver. He was at Palm Cafe, out near the six-mile house,

NO ACTION IN HOME MATTER

Supervisors Postpone Action On Detention Institution Proposition—Receive Several Offers of Sites.

The Board of Supervisors, at the instance of Supervisor Brown, this morning considered the question of establishing a detention home for the truant children in this county, but after it shall have ascertained how much it will be able to expend in establishing the project.

REUS' VIEWS.

President Offi or Reuss, who was present, said that there would be two such schools required—one which would be near the city of Oakland for local cases, and one farther out in the country where children might have to be kept for quite a period. He thought the purchase of such a place as the former school would be only a temporary expedient, the building of a school of the kind referred to in the yard of the Hall of Records.

SITES OFFERED.

Mrs. L. M. Hodges, of 1772 Grove street, offered to sell for the purpose in question a lot at the corner of Twenty-sixth Avenue and East Fourteenth street, with a frontage of 150 feet on the latter thoroughfare, and 341 feet on Twenty-sixth avenue. On the lot, she stated there is a large class A house which with little expense could be divided into 15 rooms. The property is fenced in, contains out houses, and a number of shade trees. The price set on the property is \$15,000, which could be paid on any terms agreeable to the owner.

C. Stokoe offered a lot on the south side of East Fourteenth street, a half mile west of San Leandro, containing twelve acres, six acres being in fruit. On the property is a house of eighteen rooms and two windmills and several out houses. The trustee asked \$25,000.

The others were filed.

NO WORD OF HIS LAST LETTER

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, Aug. 3.—Leeland Sparks, former chum and classmate of Vernal Revak, the eighteen-year-old lad who is supposed to have committed suicide by taking cyanide of potassium poisoning early Saturday morning, has not arrived in this city or, if he has, has not communicated up to noon with either the police department, the coroner's office or the family of the dead student.

Sparks is supposed to bring the letter written by young Revak within a few moments of the time when he is thought to have swallowed the deadly poison which ended his life and caused consternation to his family and friends.

It was reported yesterday that Revak had ended his life because he felt that he was a "Maid Maud" Muddock, who was married to George W. Widdell, a well-known mining millionaire, last Thursday. It was claimed that Miss Muddock and he had been old friends and that he was desperately in love with her, but that his affection was unreciprocated.

This report is absolutely denied by the young man's family today. His mother is authority for the statement that he did not know Miss Muddock at all and that therefore he could not possibly have been affected in any way by her words. The family are extremely anxious to learn the contents of the letter which is in the hands of young Sparks and have been patiently awaiting his arrival from Reno.

INCORPORATION GOES OVER AGAIN

The Board of Supervisors this morning continued for three weeks the petition to incorporate Ocean View.

Judge Smith, who represents Florist Gill, objected to the latter's property being included in the new incorporation.

Hallantine, who represents the petitioners, objected to the exception being made in Gill's behalf.

Supervisor Mitchell said if Gill's property was taken in he would be left only a small piece of road in his district and that piece would not connect with any big one.

Now wanted the parties interested to try and settle the matter among themselves, hence the continuance.

YEAR'S BUILDING OVER 6 MILLIONS

Secretary of the Board of Works Watson Fawcett today completed his report of the building operations in this city for the fiscal year ending June 30. The total amount expended in new construction, repairs, alterations and additions amounted to \$6,156,047, as against \$5,821,321.20 for last year.

The report shows that 1,210 building permits were issued at a cost of \$1,624,320.50; 1,656 permits for repairs and alterations at a cost of \$901,377.60; making a total of 3,786 permits at the cost of \$4,606,047.

Like Giant Bird, Airship Sweeps Above Earth While 3000 People Madly Cheer

FARMAN MAKES SUCCESSFUL FLIGHT

Captain Baldwin Hopes to Sail His Dirigible in Government Tests Today.

NEW YORK, Aug. 3.—Henry Farman made a safe and successful flight of 50 yards in his heavier-than-air flying machine at Brighton Beach late yesterday afternoon, and was cheered for several minutes by 3000 persons.

Early in the afternoon the wind was blowing twenty miles an hour and it did not abate until after 6 o'clock, when Farman announced himself ready for the effort.

THE SPECTATORS HAD NOT LONG TO WAIT.

They heard the crack of the exhausts, saw the propellers begin to revolve, and then with a noise that sounded like a couple of Gatling guns. In action the coughing engines were given full power and the machine Farman bent forward almost level with the elevating plane slowly gained impetus.

LICK GIANT BIRD.

It was running on its supports, two large and two small bicycle wheels, which held the 1,900-pound bipartite airship. It rose so stiffly easily to a height of twelve or fifteen feet, that it was soon seen sweeping one end another and screaming hysterically. When the airplane was straightened out by Farman, who drew down the planes that it might take a straight course, it began to gather speed. It looked like a giant vulture as it swept madly down the field, the engine emitting a shrill sound, and increased its pace at a rate of ten miles an hour. It was a gait of thirty-five miles an hour, and never curving against the wind, which was blowing into it at the rate of four or five miles an hour.

FARMAN REMAINS CALM.

Farman was perfectly calm. The crowd was yelling wildly. After traversing 500 yards Farman shut off the engine and the machine glided slowly toward the earth. The wheels just grazed the grass when Farman turned on his power once more and gradually the immense machine began to ascend. It climbed to ten yards and then alighted with such softness that no disturbance could be seen about the big wings. It had run for a few yards and stopped without a jar.

READY FOR TESTS.

WASHINGTON, Aug. 3.—With the Wright brothers' flying machine on the way to Fort Myer, the Herring aeroplane due in ten days and the Baldwin dirigible ready to fly, the army tests have reached a point of decided importance in the development of aerial navigation.

At 6 o'clock tonight, if a favorable wind prevails, the first preliminary trial of Captain Baldwin's "Aeronaut" will take place. The test of the motor today was satisfactory to both Captain Baldwin and Mr. Curtis.

It is now probable that the three aerial craft for which the government has contracted will be at Fort Myer at the same time.

BROTHERS TO FLY.

Orrville Wright will by his machine at Fort Myer in the government trials at approximately the same time that his brother Wilbur Wright will fly in the biplane which the Wright brothers have had in France for the past year.

KRABENSHUE AIRSHIP.

DENVER, Aug. 3.—Roy Krabenshue, the aeronaut of Toledo, Ohio, who will be in Denver the second week in September to exhibit his new pass over flying airplane which was made by Captain Baldwin at Oakland, Cal.

Tonight this same aeronaut hopes to try out the first dirigible ever built for the American government.

READY FOR TESTS.

WASHINGTON, Aug. 3.—With the Wright brothers' flying machine on the way to Fort Myer, the Herring aeroplane due in ten days and the Baldwin dirigible ready to fly, the army tests have reached a point of decided importance in the development of aerial navigation.

According to the statement made in Denver yesterday, Krabenshue will start from the Interstate fair grounds in Denver Saturday morning, Sept. 12, with two of his assistants, for Omaha, 688 miles from Denver. The world's record now is 100 miles, but with climatic conditions as they are west of the Missouri river, particularly in Colorado, it is believed that Krabenshue will at least make 300 miles, and possibly will be successful.

TIFFIN TARIFF ON AIRSHIPS.

NEW YORK, Aug. 3.—The progress now being made in the development of the airship will probably result in the incorporation in the next tariff act of a special provision covering the new engine of aerial navigation, customs officials say.

NOT BOARD'S DUTY.

"I advise the board," continued Brown, "that it is not the duty of the County Clerk to furnish indexes to other organizations. I understand the clerk to say that if he had an additional copy he would be glad to furnish it to the petitioner."

Clerk Cook said that it had been ordered to print the indexes, but as they were so voluminous this year the board, to avoid expense, was having it typeset. Ten copies had been ordered, four copies having to go to the commissioners and one of the others going to each party which had filed a petition. He could, he said, give the petitioner a receipt for 1906, which would be of some assistance. Unless the Supervisors should order him to have another copy typed he could not comply with the request.

WILL FURNISH COPIES.

He stated further that he was striking off five copies at a time and half of the number had already been struck off.

George Richardson asked if a sixth copy could not be typewritten of the names that remained. If the proper paper was provided, he said, he would be glad to furnish a receipt for 1906, which would be of some assistance.

Unless the Supervisors

should order him to have another copy typed he could not comply with the request.

SELECT MAGILL TO GET REPORT

At the meeting of the supervisors this morning a communication was received from Clay II Hawbaker of the Oakland California Towel Company, which set forth that the company in question had been supplying the county with towels for some time and had endeavored to give as good service as possible. On July 1st the company had been notified by a Justice that the service had been discontinued and that the service had been given to a competing towel company. Hawbaker requested that the action be reconsidered and that the Oak-and-California Towel Company be again furnished the county with towels.

Supervisor Bridge was authorized to file a note near the right of way of the Western Pacific road in Folsom.

It is believed the Salt Lake Railway will be compelled to pay \$2,000 more this year than last. It was taxed \$431,441 in 1907, an increase of \$430,074.

The Pullman Company's assessment will either remain what it was in 1907 or be increased some. It was taxed \$1,615,267 last year, but refused to pay it.

All other roads in California will probably be raised. Companies other than those mentioned above, which are to be assessed are as follows: South Pacific Coast, Nevada and California, Southern California Motor, North Shore, Nevada, California and Oregon, Sierra Valley, Pacific Coast, Sierra Railroad of California, Nevada County Narrow Gauge, Bocca and Loyalton Western Pacific, Lake Tahoe, Prairie Valley, Valley, Sonora and Napa Valley, Northern Electric and Northern Valley.

APPOINTED COUNTY GARDENER AT \$100

A resolution was adopted by the Board of Supervisors today ordering time signal service supplied by the Western Union Telegraph Company to the various county offices.

A resolution was adopted appointing A. J. Pausch, a notary at the county buildings at a salary of \$100 per month, vice Matthew Riley, who was also by resolution appointed night watchman in the county treasurer's office at a salary of \$100.

Supervisor Horner was empowered to repair wooden bridges on the road leading

HENRY FARMAN, who made successful flight; his wife, President A. R. Hawley of the Aero Club and a view of Farman's airship.

The mailboat which is coming to Fort Myer was built by the Wrights in Dayton, Ohio.

Yesterday was the fourth anniversary of the first American dirigible flight, which was made by Captain Baldwin at Oakland, Calif.

Today the same aeronaut hopes to try out the first dirigible ever built for the American government.

KRABENSHUE AIRSHIP.

DENVER, Aug. 3.—Roy Krabenshue, the aeronaut of Toledo, Ohio, who will be in Denver the second week in September to exhibit his new pass over flying airplane which was made by Captain Baldwin at Oakland, Calif.

Tonight this same aeronaut hopes to try out the first dirigible ever built for the American government.

READY FOR TESTS.

WASHINGTON, Aug. 3.—With the Wright brothers' flying machine on the way to Fort Myer, the Herring aeroplane due in ten days and the Baldwin dirigible ready to fly, the army tests have reached a point of decided importance in the development of aerial navigation.

According to the statement made in Denver yesterday, Krabenshue will start from the Interstate fair grounds in Denver Saturday morning, Sept. 12, with two of his assistants, for Omaha, 688 miles from Denver. The world's record now is 100 miles, but with climatic conditions as they are west of the Missouri river, particularly in Colorado, it is believed that Krabenshue will at least make 300 miles, and possibly will be successful.

TIFFIN TARIFF ON AIRSHIPS.

NEW YORK, Aug. 3.—The progress now being made in the development of the airship will probably result in the incorporation in the next tariff act of a special provision covering the new engine of aerial navigation, customs officials say.

NOT BOARD'S DUTY.

"I advise the board," continued Brown, "that it is not the duty of the County Clerk to furnish indexes to other organizations. I understand the clerk to say that if he had an additional copy he would be glad to furnish it to the petitioner."

It is believed that the equalizers in 1907 failed to take into consideration the assessment made against the Southern Pacific by the county assessors and as a result of the oversight assessed the railroad \$500,000 higher than it should otherwise have done. Consequently, it is reported the Southern Pacific will be reduced \$1,000,000. It was assessed \$5,198,825 last year and will be taxed \$5,198,825 for 1908. The Southern Pacific was raised \$13,906,978 last year.

According to calculations of the Central Pacific's assessment is to be increased \$2,000,000. It was taxed \$21,276,267 in 1907, an increase of \$8,276,273 over the assessment of 1906.

The Santa Fe will be decreased \$2,000,000. It was assessed \$26,646,679 in 1907, a cut over the assessment of 1906 of \$8,600,000.

An increase of \$200,000 is scheduled for the Northwestern Pacific. That road was assessed \$12,967,168 in 1907, a raise of \$675,417.

It is believed the Salt Lake Railway will be compelled to pay \$2,000 more this year than last. It was taxed \$431,441 in 1907, an increase of \$430,074.

The Pullman Company's assessment will either remain what it was in 1907 or be increased some. It was taxed \$1,615,267 last year, but refused to pay it.

Justice Mortimer Smith was granted permission to leave the state for thirty days.

Supervisor Bridge was authorized to file a note near the right of way of the Western Pacific road in Folsom.

At the suggestion of Supervisor Horner the clerk was instructed to notify the Southern Pacific Railroad Company to put the county crossings over its tracks in good condition at once.

Adjourned till Wednesday next, at 10 a.m.

TOWEL COMPANY ASKS FOR RE-CONSIDERATION

At the meeting of the supervisors this morning a communication was received from Clay II Hawbaker of the Oakland California Towel Company, which set forth that the company in question had been supplying the county with towels for some time and had endeavored to give as good service as possible.

On July 1st the company had been notified by a Justice that the service had been discontinued and that the service had been given to a competing towel company.

Hawbaker requested that the action be reconsidered and that the Oak-and-California Towel Company be again furnished the county with towels.

In furtherance of this purpose the board, on motion of Supervisor Kelle, seconded by Supervisor Bridge, appointed H. E. Magill to superintend the gathering of the statistics in various parts of the county at a salary of \$200 per month during the time employed in doing the work.

The resolution making the appointment specifically sets forth that any assistance required in the performance of this duty is to be secured only by resolution of the board.

The communication was referred to the building committee.

Supervisor Horner was empowered to repair wooden bridges on the road leading

BOARD DELAYS ACTION ON TUNNEL RAILROAD

Question Is Referred to Committee of the Whole

After a lengthy discussion this morning the Board of Supervisors referred the application of Matthy & Naphthaly for permission to use the Alameda tunnel for an electric railway, to the Committee of the whole and the District Attorney, under the opinion of District Attorney Brown that the request, should be granted, and that the tunnel should be granted to the applicants without calling for bids. The Board of Supervisors, however, could not be sure that the tunnel could be used for an electric railway, and that the tunnel should be granted to the applicants without calling for bids.

Matthy & Naphthaly discussed the

The American Merchant Marine.

The merchant marine of the United States is small, insignificant indeed compared to that of England or Germany, but what little we have is threatened with total extinction by laws which enhance the cost of building and sailing American ships and by regulations which handicap them as competitors for the ocean carrying trade. A merchant ship sailing under the American flag must be built in an American yard at a cost of from thirty to forty per cent more than the same ship would cost in a European yard. In addition American law makes the cost of manning and sailing her from 25 to 50 per cent more than it costs to man and sail English and German ships. Regulations imposed by the Interstate Commerce Commission interfere with the transfer of ocean freights to American railroads, and otherwise harass the American shipowner.

For more than a generation we have been debating plans to restore the United States to the position she occupied as a maritime nation prior to the Civil war, but the discussion has thus far come to naught. Neither the free ship policy nor the subsidy system has received popular approval, and in the meantime we go on adding more handicaps to the already unbearable burdens imposed on American ships engaged in the ocean carrying trade. We are building a powerful navy to protect a sickly and dwindling sea commerce. We spend vast sums to construct warships, but refuse to extend government aid to the builders of commercial ships. We parade our splendid fleets in American harbors filled with foreign merchantmen, and rejoice in our sea power without reflecting that our sea trade is being throttled.

When is this question going to be lifted from the narrow rut of partisan and parochial politics? When will the American people learn that the ocean is a free highway in which ships built and sailed at the least cost will always have the advantage? When will they realize that ships built and manned under the protective policy can ever compete with ships built under the free trade policy and competing in a free trade market? England and Germany can build ships cheaper than they can be built in American yards, and the English and German liners are aided by government concessions, subsidies or other privileges which give them a distinct advantage over the ships of other nations and particularly those of the United States, and in consequence the flags of Germany and England are well nigh supreme on the ocean. We envy the maritime success of the English and Germans, but refuse to profit by their example. We go on blindly hobbling our merchant marine while shedding tears over its failure to expand and become great.

It is useless to believe that an American merchant marine can grow without nourishment, or that sheer patriotism will induce Americans to build and sail ships at a loss. It is likewise nonsense to hug to our bosoms the delusive fiction that the present low estate of the American flag on the ocean is due to the ravages of Confederate privateers during the Civil war. The merchant marine of that day is a thing of the past. Like the warship of that period, it is obsolete and outworn. Modern commercial navies are entirely different in character, and are operated on an entirely different principle. This is a fact that must be recognized at the outset if anything is to be accomplished in the way of putting the American merchant flag on the ocean on an equality with the flags of other nations. We must meet the conditions. We must have free ships or grant subsidies, and the sooner the fact is recognized the better.

The Way to Get Good Farm Labor.

M. F. Tarpey, formerly one of Alameda's prominent citizens, is being praised for providing the employees on his big Fresno vineyard with clean, comfortable sleeping quarters, a variety of well cooked food, and other accommodations, insuring health and comfort. This speaks as well for Mr. Tarpey's business sagacity as it does for his humanity. While his treatment of his men is worthy of praise, Mr. Tarpey will doubtless promptly acknowledge that it is wise business policy to pay good wages and provide for the comfort and well being of his men. He draws to his service loyal, reliable, efficient men, who take a personal interest in his success and who are ready to put forth extra efforts to assist him in a pinch.

If Mr. Tarpey's example were more generally followed on the big ranches we would not hear so much about the scarcity and unreliability of agricultural labor in California. Low wages, poor food and desolate sleeping quarters drive men away from the fields, and leave the farmer to take his labor from the least desirable class, the shiftless, dissolute and vagrant. When men are treated as men they respond with energy and enthusiasm. They appreciate kindness and a humane regard for their comfort and welfare. House them like cattle and feed them like pigs, and they do as little work as they can and jump the job as soon as they get money enough to travel elsewhere. This is the lesson of human experience and is in accord with human nature.

While Mr. Tarpey is not alone in pursuing an enlightened, liberal and humane policy with his employees, the men who do likewise are in a comparative minority. But it is noticeable that the most prosperous of the large vineyardists and orchardists are those who have adopted the Tarpey method of making their employees comfortable and self respecting. It is poor economy to serve badly cooked food, for the wastage more than counterbalances the saving in price and the cost of preparation. And reliable, efficient men will put up with sleeping bunks in dirty sheds no longer than they can help. Nor can they feel any loyalty or regard for the interests of an employer who neglects to make elementary provision for their comfort and convenience. When employers realize that a high standard of living promotes a high standard of efficiency more of them will follow Mr. Tarpey's example.

It is asserted by the Fresno Republican that the Lincoln-Roosevelt League has not decided upon a candidate for United States Senator. Good reason why, the league leaders are all candidates, and they have only been kept from flying at each others' throats by an agreement to pool their issues till Perkins is downed. Each of the league organs has a pet candidate. Rudolph Spreckels is the candidate of the Call, Dr. Chester Rowell is the candidate of the Fresno Republican, Dr. Pardee is the candidate of the Oakland Enquirer, E. T. Earl is the candidate of the Los Angeles Express, and W. H. Hammon is the candidate of the Marysville Appeal-Democrat. The whole gang are fighting Perkins, however, and are in alliance with the Democratic press to vilify and discredit the Republican Senators and Representatives from California. If the leaguers would only put a candidate in the field, they would see how quickly and unanimously the people would express their preference for Perkins. But while the leaguers cannot agree on a candidate and are afraid to put any single man against Perkins, they are showing quite plainly that they will go to the length of

UNCLE SAM—"No! The trappings do not make the passport."

—FERN

defeating the Republican party in California, including the Taft Electoral ticket, to prevent the re-election of Senator Perkins. If they can't get Spreckels, Rowell, Pardoe, Earl or Hammon they will take Phelan or Bell.

It is announced that Francis J. Heney will enlighten the voters of Hayward in regard to the "inside of Alameda politics." Heney's speeches show his ignorance of Alameda's politics. In Alameda City he attacked Senator Leavitt as the representative of that district, and called on the citizens of Alameda to defeat him for re-election. He did not know that Leavitt is a holdover from an entirely different district. At West Berkeley he charged Senator Perkins with voting against the employer's liability bill and the bill prohibiting the railroads from issuing passes to anybody save employees, whereas, Senator Perkins voted for both measures. But if Heney desires to give inside information that will really interest the public he might tell what he did with the \$30,000 checkless fee he received from the Contra Costa Water Company, and also explain why he became an importer of peon labor from Mexico (in violation of the law) for E. H. Harriman. A peon padrone for the Southern Pacific presents a rather shabby appearance as defender of popular rights from the aggressions of the railroads.

The Spectacle of the Western Pacific and Santa Fe attorneys denouncing railroad domination in politics is as interesting and instructive as Colonel Dan. Burns lending the Lincoln-Roosevelt League his powerful influence to down the race track evil.

Rudolph Spreckels has issued an appeal for subscriptions to the Lincoln-Roosevelt League campaign fund. This is the first time in history that a political boss has asked the public to finance his scheme to obtain political control.

POINTED PARAGRAPHS

A boy's appearance of meekness may cover a lot of mischief.

Most people in love act as if it were a delightful torture.

It's queer that a "good fellow" often has so many bad habits.

Run for office if you would know many friends you haven't got.

Half a loaf is sometimes better than exhausted vitality due to overwork.

Many a man who knows that he knows things does not know how to prove it.

Life isn't much of a burden to the woman who looks younger than she is.

Our idea of an eccentric man is one who attends strictly to his own business.

A small boy likes to hear himself talk almost as well as a big man likes to hear himself talk.

A girl will forgive a young man for saying of a cynic

Every man has an aim in life, but lots of them are mighty poor marks-men.

You can't believe all you hear. Many a girl named Rose hasn't a cent to her name.

There are lots of men who never swear, and we wouldn't believe them on their oath if they did.

A good many things have been done in the name of charity, and a good many people, too.

Many a man gets the reputation of being well informed because people happen to ask him the things he happens to know.

We can always think of a lot of reasons why other people ought to be satisfied with what they have.

When a fellow tells a girl he is not worthy of her she should take him at his word and not look for proof.

kissing her, but she'll never forgive him if he doesn't.

Nothing melts a dignified girl like an unexpected kiss.

No matter how homely a girl may be, she doesn't think people justified in describing her in plain language.

Half a loaf is sometimes better than exhausted vitality due to overwork.

Many a man who knows that he knows things does not know how to prove it.

Life isn't much of a burden to the woman who looks younger than she is.

JUDGE TAFT IS IN FINE HEALTH

Thirty Members of Virginia Bar Association Greet Candidate At Hot Springs.

HOT SPRINGS, Va., Aug. 3.—About thirty members of the Virginia Bar Association called on Judge Taft this morning and a general exchange of felicitations was had. The association tomorrow begins its twentieth annual meeting. Judge Taft will address the gathering Thursday and has been asked to make a banquet speech Thursday night. There was universal comment by the lawyers upon the splendid physical appearance of the candidate.

"Yes," was his reply, "it is true I was never in better health in my life. It is the air down here and then my golf. It really does not seem that there is much in a game of golf, but it requires just enough skill to divert the mind from the walking that is necessary and in that way one gets real exercise without fatigue."

Today's early hours were, as usual, devoted to Taft to his correspondence and then followed the trip over the four-mile golf course.

FLEET GREETER BY EXCITED NATIVES

ON BOARD THE U. S. S. VERMONT, AT SEA, Aug. 3.—The Atlantic battle fleet, laying direct course for Auckland, passed around the east end of Tutuila, Samoa Islands, at 8 o'clock Saturday morning. The sight of land was greeted with hearty cheers by the thousands of men on board the battleships and the cheers were redoubled when the station ship Annapolis, flying the stars and stripes, steam-changed salutes with the big fighting machines.

CHEERING NATIVES.

The fleet had changed its formation at 6:30 in the morning to single column and with Rear Admiral Sperry on his flagship, the Connecticut, leading, curved in toward Tutuila shore as soon as the point was rounded. The shores of the Isle were lined with natives wildly enthusiastic at the exhibition of sea power, of which the naval

Use ordinary soap for ordinary purposes; Ivory Soap for better-than-ordinary purposes.

That is the rule in most households; and it is a good rule.

It applies particularly to colored goods, wash silks, lawns, dimities, etc.

Ivory Soap

ation at Pago Pago had given them a bright idea.

The station ship Annapolis had been the embodiment of all that is invincible on the water and few of the onlookers seemed to be prepared for the mighty floating fortresses which owned by with roaring guns and flying flags, for large ships seldom call to this mid-Pacific outpost.

The Annapolis carried the officials of the station at Tutuila, with their wives and a complement of native guards. The battleships reduced their speed to nine and a half knots an hour and the usual honors were exchanged. The hospital ship Relief detached itself from the fleet and put into Pago Pago harbor. Here it will remain a day or two to coal and will rejoin the other vessels at Auckland.

At 8 o'clock Saturday night Tutuila was back behind the northern horizon and the battleships were again surrounded by a waste of water.

SOCIETY SMART SET

Talented Musician to Make Home in Berkeley

Oakland Girl Enjoying an Extended Eastern Trip

One of the real interesting trips of the season is that upon which Miss Hazelle Fageol has started. She left her home last Wednesday with her brother, Frank, and his wife, and together they will go by train to Denver. From that point the party will visit in Des Moines, Iowa, where they expect to remain one month as the guests of relatives and friends. From Des Moines short trips will be made to Ankeny and Fort Madison. After relatives have been visited in Iowa the party will leave Des Moines early in September for Chicago, making the trip in motor car. En route they will stop at Carthage, Ill. After a short visit in Chicago the next run will be made to New York, stopping at the larger cities between. The return trip will be made by the way of St. Louis, and visits will be made in Denver and Superior, Neb., where Miss Fageol will be the guest of her uncle.

Miss Fageol is a very attractive and accomplished, being especially skillful in china painting, for which she has a natural aptitude. She will probably be away until the first of the year, and the trip promises to be one of immense pleasure, for so many points can be visited when covered by motor car.

SOJOURNINGS OF SOCIETY FOLKS

Mrs. Joseph Guarcello has returned from Santa Cruz, where she has spent the past few weeks.

Mrs. Henry Rosenfeld and Miss Viva Nicholson have returned from Bouvier, where they have enjoyed an outing of several weeks.

The Misses Lillian and May Tracy have gone to Monte Rio for an outing of several weeks.

Mr. and Mrs. Edgar Bishop of Oakland, accompanied by their daughter, Mrs. Harry Alderson of San Francisco, will leave this week for Ben Lomond, where they plan to remain about a month.

A folly-house party of Oakland-girls, who are spending the summer at Applegate, include Miss Bassie Palmer, Miss Christie Taft, Miss Dorothy Taft and several others. They expect to return about the last of August.

Miss Sue McCarron and her sister Elizabeth have just returned from a week's visit at Alamo, where they were the guests of their uncle.

STATUE IN MEMORY OF PIONEER WOMEN.

Plans are being completed whereby the clubwomen of California will erect a statue in memory of the pioneer women of the State. Mrs. Philip V. Michaels of Hayward is the instigator of the idea. Clubs all over the State will be asked to contribute for the cost of the statue, which will be about \$5000. It is now being designed by Douglas Tilden and will represent a strong woman with a group of little children at her knees. The project is awaking deep interest all over the State and there is hardly a woman but would like to add her mite to the work.

The satisfaction of knowing that these brave women have been honored will more than compensate for the labor and cost of the proposed memorial.

GUESTS AT SUMMER RESORTS.

The following Oaklanders are regaled at Del Monte: Miss Frear, Mrs. C. Clay, Miss Clay, Miss Harold, D. J. Valentine, Dudley Heron, Mr. and Mrs. E. A. Heron, Miss Elmer Parker, Mr. and Mrs. John D. Ackerman, Miss Phyllis Ackerman, Mr. and Mrs. Edward M. Walsh and Hiram Bradley.

Bryon Hot Springs guests include the following Oakland folks: Hyman Davis, Mrs. Mary Leary, Miss Abbie Leary, Lucian J. White, Mrs. E. Trongone, A. E. Bruce, Miss Margaret Moore, Mrs. M. Morando, Mr. and Mrs. Will J. Culligan, Mrs. Myrtle Maxwell, Miss H. Teuer, O. D. Johnson, A. D. Brown, August Sodlequist, W. E. Holm, W. A. Rouse, W. H. Rouse, P. A. Cameron, Mrs. C. D. Bates Sr., Miss Ada Gater, A. E. Johnson, Tom M. Bradley, Mrs. J. J. Shiman, Mrs. Charles Poulter and Mrs. Frank Poulter.

ENGAGEMENT OF UNIVERSITY GRADUATE.

The engagement has just been announced of Miss Mary Powell, daughter of Mrs. Walter Powell of Berkeley, and Robert Graham Lawson of Victoria, B.C. Mr. Lawson is a lawyer by profession and is well known in his home town. Miss Powell was graduated in the class of 1903 at the University of California. She is a member of the Kappa Alpha Theta sorority, with which she has always been prominently identified. The marriage will be an event of September, and much to the regret of her many friends, she is to make her future home in British Columbia. The Powell home is situated on Fifty-ninth street, and has always been the center for much hospitality.

SUNDAY AFTERNOON CONCERTS.

A series of five Sunday afternoon concerts is to be given for the benefit of the training asylum in San Francisco. The project has awakened the interest of some of the city's best-known musicians and speakers. Dr. Humphrey Stewart, Miss Grace R. Wilson and the boys of the Columbia Park Club have all promised to lend their aid to the committee of arrangements, and will see to it that every separate program is as fine as possible. Among the patrons of the affair are: Ms. Henry Payot, Mrs. William Queer Larue, Dr. G. L. Lansing, Mrs. Harry J. Crocker, Dr. Emily G. Harris, Miss Elizabeth Putnam, Mrs. Charles A. Hawkins, Mrs. Andrew Green.

AUTUMN FESTIVAL AT PALO ALTO

The clubwomen of Palo Alto are busy making preparations for their autumn festival, which is to be held in October.

The festival will consist of the annual exhibition of arts, crafts and industries. The officers and chairmen of no committees thus far selected are: General manager, Mrs. E. G. Greene; general chairman, Mrs. H. A. Allison; treasurer, Mrs. E. G. Greene.

MISS HAZELLE FAGEOL,
Who is Touring the East.

registration, Mrs. H. A. Alderton; manager's assistant, Mrs. F. Anthony; music, Mrs. Connolley and Professor Roland Roberts; flowers, Mrs. Stanley Forbes and Dr. M. Evans; costumes and hats, Mrs. Soper; candy, Mrs. Dwight and Mrs. Wall; book binding, Mrs. Sogoff; school exhibits, drawing, Mrs. Bushnell.

MARRIAGE OF ATTRACTIVE SAN JOSE GIRL.

One of the prettiest of the season's weddings was that of Miss Lella Jose and Herbert H. May of Berkeley. The bride is the very pretty daughter of Mr. and Mrs. J. B. Chambers and is a graduate of the San Jose Conservatory of Music and is a most gifted musician. The marriage was solemnized at Trinity Church in the presence of a large number of relatives and friends. The bridegroom is a student at the University of California, and the young couple will make their home in the college town until his mining course is completed. Mr. and Mrs. Mayer are at present in the southern part of the State on their honeymoon tour, which will extend over three weeks.

TO WINTER IN BERKELEY.

Much to the delight of her many friends, Mrs. Dorothy Goodsell Camm will come to Berkeley for the winter. During the summer she has had a charming bungalow in Mill Valley, where she has entertained quite extensively. Miss Virginia Goodsell, a sister of Mrs. Camm, will probably be with her this winter, and as she also is gifted in song it is safe to predict some delightful affairs at the Camm home this coming season. Mrs. Camm will also have her mother, Mrs. Goodsell, as a member of her household. Miss Virginia was a soloist at the concert given at the California College in East Oakland on Saturday.

AUTOMOBILE PARTIES AT DEL MONTE.

Among the well-known people who have motored to Del Monte during the past week were Miss Jessica B. Peixotto and Miss Rachel Caroza of Berkeley. Mrs. D. E. Skinner, Miss Florence Skinner and Gilbert Skinner of Berkeley, accompanied by Mrs. S. S. Little of Menasha, Wis., motored to Del Monte on Tuesday, remaining a day, and then continued their trip to Los Angeles.

OAKLAND WOMAN CLEVER DRIVER.

Mrs. Urridge, accompanied by her two daughters and a friend, returned recently from a trip made to Fresno and back in her touring car. Miss Hazel Urridge, one of the most clever drivers on this side of the bay, sat in the driver's seat on the return trip.

OAKLAND FAMILY TOURING TAHOE COUNTRY.

Give your stomach a pleasant surprise by eating

KORN-KINKS

The new food of malted corn flakes. It's simply the flaked kernels of hulled white corn, malted and toasted. It's delicious, digestible and different. Full of strength and energy with a flavor that pleases every palate. Ready-to-serve with cream or milk. Ask your grocer.

The only Malted Corn Flakes.

FIANCEE IS KEPT IN HIDING

Parents Spirit Away Girl and Ardent Lover Rushes from Denver to New York in Pursuit.

CHICAGO, Aug. 3.—Richard Frederick, a young man who hurried to New York on Saturday to find his fiancee, Miss Rose Ford, who mysteriously disappeared from her home last week, was given a ride to the station by an Easterner, according to a telegram received here yesterday by the girl's parents, Mr. and Mrs. Frank Sikorski. Although the girl generally is known as Miss Ford, her real name is Sikorski.

The telegram beseeches the parents to notify Miss Ford of Frederick's illness, that she might go to him. His parents, who admit they are purposely keeping the whereabouts of their daughter a secret in order to discourage her suitor's attentions, believe the telegram is one of many ruses adopted by Frederick to find her hiding place, "as he has decided to ignore it."

Frederick's search for his alleged fiancee has been persistent and disappointing. When she left home he was led to believe it was with the girl had eloped with another suitor. He found his business and took the first train to Denver, where he had been told Miss Ford had gone to be married. Failing to find her there, he returned to Chicago and learned that she had gone to New York. His trip East followed.

They are making a trip in the vicinity of Lake Tahoe in their touring car. Mrs. Chamberlain writes her friends of the lovely time they are having.

HOSTESS AT THIMBLE BEE.

Miss Clara Simonsen was hostess on Thursday afternoon at a pleasant little thimble bee. Her guests included the Misses Edith Porter, Olga Russell, Gertrude and Genevieve Sturm, Margaret Dykes, Anna Menkenius and Mildred Porter.

WILL MOTOR OWN CAR.

Mr. M. H. Morris is the proud possessor of a twenty horsepower White steamer and has joined the ranks of the automobile enthusiasts. This is the first season she has run her own car.

RETURNED FROM TWO MONTHS' TRIP.

Mrs. C. H. Hunter and her son have returned from a trip on the Upper Sacramento, where they have enjoyed a very pleasant outing of two months.

ROSS VISITOR.

Miss Amy Bowles, daughter of Mrs. P. E. Bowles, has been visiting in Ross, where she was the guest of Miss Marion Miller.

MRS. J. J. LEET.

now at 628 Thirteenth Street, Oakland, is now prepared to fill orders promptly for steam carpet cleaning, renovating, etc. Most reasonable charges. No longer in retail carpet business at 505 Clay street. Phone 8316. Home A-3611. Up-town office, 882 Clay.

Any skin itching is a temper-tester. The more you scratch the worse it gets. Doan's Ointment cures piles, eczema—any skin itching. At all drug stores.

PREPARED MATERIAL.

Experts are now assembling pictures,

data and models and each exhibit will tell a story in an interesting way. In addition to the pictures, large photographs having especial records will give much information on the subject.

The exhibitors will also contain models of perfectly lighted and ventilated factories, together with models of so-called sweatshops, where tuberculosis flourishes. Mottoes giving advice how to prevent and check tuberculosis will be displayed at each exhibit.

NEWSPAPER MAN IS TAFT'S CHOICE

Richard Oulahan is Made Press Agent For Republican Campaign.

NEW YORK. Aug. 8.—Richard V. Oulahan, for many years the Washington correspondent of the New York Sun, will have general charge of all the internal work of the Republican National Committee. This appointment was announced today by Frank H. Hitchcock, the national chairman. Mr. Oulahan arrived in New York late tonight and will begin his duties tomorrow. Oulahan will be assisted by Francis Curtis of Springfield, Mass., whose selection as editor was announced two weeks ago.

HITCHCOCK SATISFIED. The appointment of Mr. Oulahan is pleasing to Mr. Hitchcock and representatives. McKinley, chairman of the congressional committee, Mr. Oulahan is an intimate friend of President Harrison and has had the confidence of all subsequent administrations. He is a member of the Gridiron Club and has received many honors from fellow newspapermen, who esteem him highly.

PLANS FOR SUPPORT. Few callers were seen by Mr. Hitchcock today, the national chairman having spent the day in clearing up correspondence. He attended church services in the morning, accompanied by several members of his personal staff. Mr. Hitchcock is spending the night at the New Jersey country home of Cornelius J. Bliss, former treasurer of the national committee, and is consulting with him about certain details of the organization to make for the purpose of getting financial support for the Republican campaign.

JAPANESE WAITER DRINKS WINE; WRECKS RESTAURANT

Also Fights Policeman When Arrested.

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO. Aug. 8.—K. Iwasaki, a Japanese waiter who was arrested at 2 o'clock this morning by A. J. Rocca of the Central Police Department, after he had almost wrecked the restaurant of L. Gold at 502½ Dupont street, put up a lively fight before submitting to arrest.

According to the story told by Aoki, Iwasaki came into his place and ordered a dinner. He also bought numerous bottles of wine, and when he was about to leave was presented with a bill for \$6.40. This he refused to pay, and an argument ensued, during which the keeper endeavored to hold him until he could summon an officer.

The man maddened the Jap that he proceeded to demolish the place, smashing glasses, breaking chairs and overturning tables. When policeman Rocca arrived, Iwasaki endeavored to hit him with a chair, but the officer was too quick for him and tripped him, after which he was taken to the city prison.

For more see:

"I have found Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stone of Gold and Saline. It is sold under guarantee at Osgood Brothers' drug store, 22c.

"I have been somewhat cautious, but the results do not act mildly and regulate the body's metabolism." George E. Klemm.

This means that the Pennsylvania and Vanderbilt lines which, with the aid of

NO BIG RAILROAD COMBINE; JUST HELPING BAD SITUATION

So Says E. H. Harriman; Calls Oriental Trade Sentimental Dream

CHICAGO. Aug. 8.—"There is to be no abandonment of railroads, nor is there to be any combination of railroads ever again. What has been done has been undertaken solely with the purpose of saving a bad financial situation."

Edward H. Harriman said this last night while discussing the deal whereby a syndicate of bankers recently took up \$8,000,000 in short-term notes of the Wheeling and Lake Erie.

"What I have done has not been for the purpose of making money," he said, "but simply because matters were becoming tangled and it had become necessary for some one to try to make a bad situation better. Some of us do not believe that it would be a good thing for the country generally if more railroads should go into the hands of receivers and so we are doing what we can to prevent this in the interest of self-preservation. That is all there is to it. In fact things have become so complex that I scarcely know where I am. I am going out to the Blackyou mountains to think over the situation and when I come back I may be able to talk intelligently concerning the future."

NO DEEP-LAID PLOT.

"But in the meantime I should like to understand that there is no deep-laid plot back of it all but that the deal regarding the Wheeling and Lake Erie was simply a transaction made necessary to save a railway and thereby benefit all other roads alike."

Harriman was asked why the transcontinental roads had decided to go out of the Oriental trade.

"The Oriental business is largely sentimental," he replied. "The hope of building up a large Asiatic trade through the Pacific ports of the United States has been largely a dream and it has turned out to be to a great extent a fake. It was not my dream for I have been familiar with conditions in this field from the very first."

IMPORTANT CONFERENCES.

A number of men prominent in railroads and financial affairs here got in communication with Harriman shortly after his train was brought in from Hammond, Ind. Among his callers were representatives of the J. Ordeon Armour interests. Harriman and Armour are heavily interested in the Chicago subway.

The subway and Erie recently executed a coup by which other roads were forced to absorb tunnel charges on all incoming freight, but the Erie continues to get the lion's share of the packing house business.

NOTORIOUS PICKPOCKET KILLED IN PRISON

CHATTANOOGA, Tenn. Aug. 8.—James Ryan, one of the most notorious pickpockets of the country, was killed yesterday by a train car at the incline of the Tennessee Coal Iron and Railroad Company at Pratt City, Alabama. Ryan was serving a five-year sentence for robbery. He was arrested at Mobile during the visit of President Roosevelt to that city four years ago. A few days before his death, Ryan told the story of his life, declaring that when he was released, less than a year from this time, he intended to be an honest man.

CARRYING MOSTLY AIR.

"Well, we have been carrying mostly air in those boats, and I suppose that we can continue to do so. The Japanese would like to control the Pacific trade and eventually they may."

Harriman declined to discuss politics. "They don't interest me at all," he said. Turning to business conditions, Harriman predicted an improvement.

PITTSBURG. August 8.—Pittsburgh learned yesterday that E. H. Harriman has supplanted George J. Gould absolutely in this district, as far as railway improvement is concerned. It is said that Gould in order to make peace with Harriman and save a portion of his railroad properties, was compelled to practically relinquish the control of the Wabash Pittsburgh terminal, the Wheeling and Lake Erie, the Western Maryland and the West Side belt roads and sign an agreement that he never would again attempt railroad construction east of Toledo, Ohio.

The maddened the Jap that he proceeded to demolish the place, smashing glasses, breaking chairs and overturning tables. When policeman Rocca arrived, Iwasaki endeavored to hit him with a chair, but the officer was too quick for him and tripped him, after which he was taken to the city prison.

"I have found Arnica Salve

QUIET SUNDAY IS SPENT BY TEDDY

President and Family Attend Services and Later Entertain Minister.

OYSTER BAY. Aug. 8.—President Roosevelt spent his usual quiet Sunday here, now has a new face. Not only this, but the two systems now find the Baltimore and Ohio road allied with the

TO RETAIN PRESIDENT.

With undiminished satisfaction Pittsburg has learned that E. H. Harriman has been placed in command with the Goulds was still underway and that the former president of the Wabash again may be in charge of the work in this part of the country. It is not generally known, but nevertheless true, that some years before his death President A. J. Cassatt of the Pennsylvania Railroad had not spoken to George J. Gould. This was because Gould went after the Western Maryland road after telling Cassatt he had no desire to gain control over it.

Harriman, accompanied by his family and a large retinue of servants, stenographers, telegraph operators and other assistants in a special train of five cars, arrived here last evening on his way to Oregon.

REV. KARL RIELAND.

Rev. Karl Rieland, first assistant rector of Grace Church, New York, occupied the pulpit of the regular rector, Dr. Washburn, and delivered an interesting sermon.

After dinner the President sent a government automobile to the village to take the Rev. Rieland and wife to Sagamore Hill, where they were entertained during the afternoon.

IMPORTANT CONFERENCES.

A number of men prominent in railroads and financial affairs here got in communication with Harriman shortly after his train was brought in from Hammond, Ind. Among his callers were representatives of the J. Ordeon Armour interests. Harriman and Armour are heavily interested in the Chicago subway.

The subway and Erie recently executed a coup by which other roads were forced to absorb tunnel charges on all incoming freight, but the Erie continues to get the lion's share of the packing house business.

WOMAN TEACHER IS TO RUN MULE FARM

Resigns From University of Washington To Go to Kentucky Ranch.

SEATTLE. Aug. 8.—From a position in an institution of higher learning, that of dean of the department of women in the University of Washington, Miss Anne Howard left today to take the management of a Kentucky mule farm. Since 1890 Miss Howard has been engaged in educational work in this State, principally at the university.

NOTORIOUS PICKPOCKET KILLED IN PRISON

CHATTANOOGA, Tenn. Aug. 8.—James Ryan, one of the most notorious pickpockets of the country, was killed yesterday by a train car at the incline of the Tennessee Coal Iron and Railroad Company at Pratt City, Alabama. Ryan was serving a five-year sentence for robbery. He was arrested at Mobile during the visit of President Roosevelt to that city four years ago.

A few days before his death, Ryan told the story of his life, declaring that when he was released, less than a year from this time, he intended to be an honest man.

CARRYING MOSTLY AIR.

"Well, we have been carrying mostly air in those boats, and I suppose that we can continue to do so. The Japanese would like to control the Pacific trade and eventually they may."

Harriman declined to discuss politics. "They don't interest me at all," he said. Turning to business conditions, Harriman predicted an improvement.

PITTSBURG. August 8.—Pittsburgh

BICYCLISTS APPEAR ON MID-AIR INCLINE TRACK

THE FOUR FORDS, CLEVER DANCERS, AT THE ORPHEUM

HAIR-RAISING ACT ON AT ORPHEUM

Motion Pictures Among Best Things Shown at Playhouse This Week.

(BY HUBERT DUNCAN.)

One of the best things at the Orpheum this week is the motion pictures—a series of wild western adventure. The pictures, among other things, show a posse in pursuit of a half breed who had attempted murder, his capture by an Indian, the beginning of a lynching party and the half breed's rescue by his Indian captor, who made the plea, "You shall not kill me."

The pictures are unusually good—the well-known word "thrilling" seems to be about the only one fully to describe them.

VARIETY IN SKETCHES.

The new people on the bill yesterday presented such widely different kinds of acts that it would be rather unjust to say which was the best. The four Fords in a remarkable nature entitled "An Action Sketch" made much noise and monkeys of themselves, literally and figuratively speaking. They were about as limber as any two monkeys ever taken from a tree, and a monkey running the Lin-Vine Cigarette who was as funny and limber as ever, and Fred Singer in his musical comedy, "The Violin Maker of Cremona."

Altogether the bill this week is one of exceptional variety and quality.

JESUIT ANNIVERSARY IS CELEBRATED WITH POMP

Feast of Ignatius Observed By Loyal Adherents.

SAN FRANCISCO. Aug. 8.—With all the impressive pomp of the Roman Catholic church, the local community of the Jesuit order celebrated the feast of their illustrious founder, St. Ignatius of Loyola, at St. Ignatius Church yesterday morning, and last evening.

The Rt. Rev. Bishop de Silva of Lisbon, Portugal, was the celebrant at the pontifical high mass, with Rev. Maurice Joy, S. J., as deacon, and the Rev. Joseph Malone, S. J., as sub-deacon. The Bishop was assisted by the Rev. Father Morrison, the Rev. John P. Madden, as master of ceremonies, Vincent Vaughan as usher and John C. Ward and William Lefferty as acolytes. The panegyric of the saint was preached by the Rev. Joseph Sada, S. J., rector of St. Ignatius Church.

The music at both the mass and at the vespers in the evening was especially fine.

H. J. Stewart's Mass in D minor

was sung with organ accompaniment under the direction of Rev. Edward Allen, the organist.

Wiget's "Ego Sum" and "O Salutaris Hostia," by C. G. Bohlman, "O Salutaris Hostia," by William O'Brien, "O Salutaris Hostia," by G. B. Bohm, "The Vespers Sung in the Evening" were the usual Gregorian chants, as was also the Laudate Dominum following the benediction.

During benediction were singing "O Cor Amoris," by A. Melville, "O Salutaris," by G. Bohm, "Tantum Ergo," by L. Monti and "O B. Hawley's "O Paradiso."

Kate Barry, the English comedian

MARINES BITTEN BY MAD DOG MAY DIE

Twelve Men Rushed Home From Panama for Medical Aid to Prevent Hydrophobia.

NEW YORK. Aug. 8.—Twelve United States marines, each facing a greater danger than war could bring them, stepped ashore from the Panama Line Finance yesterday morning after a desperately hurried voyage from the port of Cristobal, in the Canal zone.

Each of the twelve had been bitten by a mad dog. Each had been told that he was infected with hydrophobia and that his only chance was to get the Pasteur treatment in the United States as soon as possible.

MEN HOLD THEIR NERVES.

Not one had lost his nerve. Following medical orders, they had refrained during the voyage from a single mention of the subject of dogs, bites and diseases. They had done their duty on the ship.

On their arrival they faced their fate smilingly; like soldiers and men in regular military order they fell in line, marched over to the Twenty-third street ferry and embarked on a train for Washington. There they are to be given the Pasteur treatment in the naval medical school hospital.

OFFICER IS VICTIM.

Major G. H. Russell, himself a victim, was in technical command of the grim expedition. But it was Sergeant C. A. Peacock, under whose wise immediate command all the rest had been in marshaled the men.

They were Privates A. H. Hobdal, R. B. Blachal, W. N. MacFarlane, L. C. Clarke, G. B. Baxter, Thomas Doyle, W. E. Cooper, Oscar Anderson, J. Moore and W. H. Norton.

All are big fellows, in their twenties and early thirties.

ALLEGED LAND THIEVES ACQUITTED BY JURY

PORLTAND. Aug. 8.—Ex-Senator M. Morris, ex-receiver of the land office at Portland, and Thomas Eggleston, who have been on trial for seven days in the United States District Court in a charge of conspiracy to defraud the government of 100 acres of public land in Douglas county, were acquitted by the jury to-day.

TO BUY TELESCOPE TO WATCH FALL OF SHOT

Attell and Moran Will Meet Tonight

ATTELL AND MORAN WILL SIGN ARTICLES TONIGHT

Featherweights Look Good and the Championship Battle Should Produce Some Good Boxing---Gossip of Game.

BY EDDIE SMITH.

SAN FRANCISCO is now harboring the two best featherweights in the world, Abe Attell and Owen Moran. Moran landed in San Francisco Saturday night, or rather Sunday morning, many hours late, but even the lateness of the hour did not keep a gathering of his friends from being on hand to welcome him back.

Owen is none the worse for his long trip from England and looks about the same as he did when he left here after the attack that cost Ward's life. Moran brings with him a very handsome belt that was presented to him by an appreciative boxing of English sporting men who raised the money through popular subscription, and it is claimed that the gift, which is really a very clever piece of work and is well studded with diamonds and other stones, represents a value of \$1,000. Moran is very proud of the gift and it will be exhibited at a downtown store in the near future.

ATTELL LOOKS GOOD.

All that has been said of Moran can also be said of Attell, for the little Hebrew fighters is all that he was when he left here and as he has not been in the constant testing that he was during his busy stay on the coast, he is even better fitted for a stage of training.

Attell, when dressed in his street clothes, is the last man in the world one would look for in a strong and well-developed athlete as he is, he has low complexion and slightly hollowed cheeks, when matched with fair skin and healthy appearance of most other fighters, would lead one to believe that he was not as strong as he might be, but when stripped for action in the gymnasium one is then treated to a fine display of muscular development as it would be unwise to fasten the eye on many a day's work.

Johnson and Schreck.

Can it be a press dispatch or can it be the truth that Milton Schreck is to go to England to meet Johnson. My oh my oh my what a package the Britishers will receive if this be true. Schreck, who was dubbed the Cincinnati pie woman by my colleague, is about the worst opponent that could have been selected.

When he met Al Kaufman in San Francisco he was then a lumbering over-tired heavy-weight, who would make a better advertisement for Milwaukee than a digit, and since that time he has been a horrid worse.

There was a time when it took a mighty good fighter to win from this same Schreck, but now any third-rater should be able to win from him, and he will prove easier for the negro than did Ben Taylor, the English heavy-weight who Johnson played with for the edification of the English fans.

FRANKIE NEIL AGAIN.

Poor game little Frankie Neil, after being one of the best fighters that this country produced in the last ten years he has lost the benefit of a lifetime to all by without getting any money with his talents, is about to fight again. Frankie has been matched to meet Freddie O'Brien at Boston on the 12th of this month.

The crop must be very short with the little fellow for he must by this time realize that he is all in. It is a pity that such a fighter must accept matches and take a beating when he might have been independent.

ROCHES CARD.

Billy Roche will hold a series of short-distance scrums at the Colma pavilion next Saturday night, at which time he hopes to enthrall a good-sized crowd from the city. The bouts will be made up of the old favorites of the short-distance contests that were so popular in the days of the Dreamland Rink. He has matched the following fighters.

Frankie Edwards vs. Tom Woods, six rounds; Joe Rogers vs. Joe Leahy, six rounds; Eddie McElroy vs. Antonie La Grava, six rounds; Jim McCarthy vs. Jim Hagan, six rounds; Frank Murphy vs. Willie O'Neill, four rounds; Jimmy Carroll vs. Jimmy Butler, four rounds.

BRITT IN ENGLAND.

Charlie Hurley, manager of Owen Moran, in a letter to Jim Corcoran from England, where he has been acting as announcer at the Olympic games, states

Corbett Wins for San Francisco

Olympics Win Lacrosse Game

Pitcher Joe Corbett went into the box at St. Mary's College grounds yesterday and gave the fans a good exhibition of how the game of baseball should be played. Corbett sent seven men to the bench after they had fanned at the air and only two hits were taken from him.

Dougherty of San Francisco replaced the ex-Bronx pitcher and allowed only one run, although he was hit for four of the six hits made. The game was between Oakland Council No. 784 and San Francisco Council No. 615 of the Knights of Columbus.

The game opened in the first with Oakland at the bat, and one run was the result. The score card was unchanged for six innings, until one more man tallied the second time for Oakland.

The second half of the first ended with Oakland still in the lead. Then the tide turned, and after that the San Franciscans ramped around the diamond at their pleasure. Six runs in the second and eight in the seventh with smaller additions made up the total taken by the visitors.

Flynn pitched for Oakland a steady game, but he had no proper support. Errors in the outfield and on the bases made him count as heavily for San Francisco as did the long drives sometimes swatted from Flynn.

The line up was as follows:

San Francisco. Position: Oakland Joe Corbett, Pitcher, J. Flynn Williams, Senni, Catcher, E. C. Curtin Tom Dougherty, First base, Peter Scott Frank Farley, Shortstop, J. Halloran Phil Bannon, Second base, Tom Watson P. Dougherty, Third base, J. Martinez Tom Rogers, Fielder, W. McGehee Joseph Martindale, Fielder, J. B. Derrick Charles Beardsley, Fielder, W. McGehee J. Mahoney, Fielder, L. Moretti.

RUNS AND HITS BY INNINGS

San Francisco 0 0 0 0 0 0 1-18 Baseline 1 1 0 0 0 0 1-21 Oakland 1 0 0 0 0 0 0 1-2 Baseline 1 0 0 0 0 0 2-5

The books cleaned up handsomely at the Meadows on Saturday's handle.

Twenty-three bookmakers lined up at the Meadows Saturday.

From a betting proposition, Smiley Corbett, is a bad investment. Billy Cahill's coin opened up a gap of several inches in the stretch and then went to pieces.

'CALL ME MR. TAFT OR BILL,' SAYS NEXT PRESIDENT OF U.S.

Tells Newspaper Friends of Experiences With Names at College

IOT SPRINGS, Va., Aug. 3.—"Just call me Mr. Taft, and if you drop into the localism call me Bill." This was Judge Taft's laughing reply today when meeting audience to a number of newspaper men, who had several addresses him as "Mr. Secretary," "Governor," "Judge," and "Mr. Taft."

"I first got the name Bill at Yale," said Taft, replying to a question. "I wore then I had been called Bill in my home and among the Cincinnati boyhood friends. But when I got through school I was called Will at home. My younger brother, Harry, never called me Will after it happened one day at college."

WILLIE NO LONGER.—We roomed together on the top floor of Parmam Hall. Our room was just over the middle entrance. Harry was a freshman, I a junior. He had gone out forgotten to take with him a book he wanted. He came back to the entrance and, looking up on the outside, cried, "Oh, Willie! Willie!" In a second there was a head out of every one of the four hundred windows and it seemed to me as though every one yelled at once. At any rate there was a long chorus of "Oh, Willie." That

ended Harry. He has called me Bill ever since."

"How about the four hundred students?"

WEIGHED 200 THEN.

"Or they called me Bill just the same. You see I weighed 200 then."

Mr. and Mrs. Taft attended services at St. Luke's Church yesterday and listened to sermon by Rev. Dr. John J. Scott.

"Alike and eat, because the journey is too great for thee," was the text from II Kings, from which Dr. Scott drew the lesson that frequent spiritual food was necessary for the present-day Christian life as was the literal command of Elijah, which he had quoted.

MINNESOTA LINED UP.

Bart McCreary, Second Assistant Postmaster General and candidate for Congress, who has just returned from a review of the situation in Minnesota and Wisconsin, spent Sunday here. McCleary assured Mr. Taft that in his opinion the Republican situation in Minnesota is in excellent shape. It is his belief that Governor Johnson will not be a candidate for re-election.

In Wisconsin, McCleary says, he can see the good effect of the speech of acceptance already.

FORMER GOVERNOR IS LAID TO REST

Funeral of James H. Budd Attended by State Officials.

STOCKTON, Aug. 3.—The funeral of former Governor James H. Budd took place yesterday from the residence of the deceased, Rev. R. H. Fink of the First Congregational Church.

Governor Gillett and staff and other State officials were present, and the floral tributes were numerous and beautiful. The pall-bearers were former Lieutenant Governor W. T. Jeter, Attorney Frank Goul, Frank Drew, James Byrne Jr., Attorney A. V. Scanlan and Attorney E. R. Thompson. The casket was placed in the receiving vault at Rural Cemetery. The attendance was very large, and the Bar Association attended in a body.

SOLDIERS WILL ENFORCE SUNDAY CLOSING LAWS

Governor Folk of Missouri Issues Call For Troops.

ST. LOUIS, Aug. 3.—Following his declaration of yesterday that he would send the National Guard into St. Louis county to enforce the Sunday liquor laws and to preserve order, Governor Folk last night issued orders to Brigadier General H. C. Clark, commandant of the National Guard of Missouri, to assemble in St. Louis county next Saturday and Sunday morning at the armory and drill hall of the State Regiment and Batteries, the State's best military organizations.

The determination to send State troops here was reached late last night, after a conference between Governor Folk and Dr. Denny, foreman of the St. Louis county Grand Jury, which is investigating local conditions.

NOT A SINGLE DISSATISFIED PATIENT.

MEN WHO HAVE "Syphilis"

SHOULD Never take a single chance as to who treats them. The perfect skill is absolutely necessary. This doctor can drive it from every fibre of the system. The moment you see the inoculating sore—the chancre—go to a TRUSTWORTHY SPECIALIST at once. Don't go to the quack who will tell you he can cure you for 50¢. Our MODERN METHODS we drive the last vestige of virus from the system, and every symptom of the loathsome disease VANISHES TO APPEAR NO MORE. And moreover, in getting rid of this disease we eliminate all the old diseases, either that may be in the system. Then the patient becomes a really strong, vigorous man capable of ANY DUTY nature may call on him to perform.

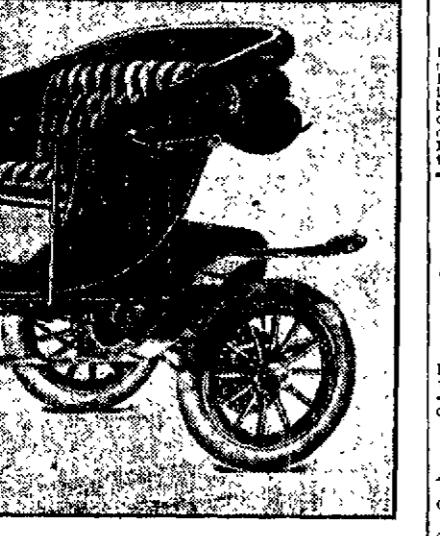

REMEMBER WE GUARANTEE TO CURE EACH CASE WE UNDEPARE, AND YOU CAN PAY WHEN SATISFIED THAT YOU ARE WELL.

We cure with equal success and on the same liberal terms. Last Monday, Drunks, Losers, Contracted Disorders (Gonorrhoea), Stricture, Varicocele, Hydrocele and all reflex ailments.

WALL STREET

NEW YORK. August 3.—The tone of the morning was one of decided quietness and dealers were active. Most of the favorite trading stocks were lower than Saturday. Amalgamated Copper was a strong feature with a rise of 1%. Standard Oil, which had been quiet in the digestion of profit-taking sales which put Canadian Pacific 1% below Saturday's close, Northern Pacific and Great Northern, Pacific Coast, New York Central, Pennsylvania, Wisconsin Central, American Smelting, and Anaconda Mining Co., %, in the rally which followed Brooklyn Rapid Transit and National Lead, were prominent. The market closed 1% higher, the advance of 1% and 2%. The rally did not hold and prices fell back to the lowest again.

Renewed buying of National Lead exerted its 50-cent points. Prices on the general list hardened to the Saturday level or above.

The market wavered at the advance. Transactions were quiet and narrow among the important stocks but the tendency was downward.

The movement of prices continued downward but the offerings grew smaller. The Great Northern ventures extended the advance to 6 points.

The market closed irregular and dull. Prices continued to sag except in a few stocks among the industrials.

No new offers were made at the following quotations:

KING SENDS EMISSARY TO CHICAGO TO SEEK HEIRESSES FOR PRINCES

CHICAGO, Aug 3—Cablegrams were received in Chicago yesterday that the King of Servia desired to form and alliances with Chicago to bring his two sons. Already an emigrant is on his way to this country to choose two American girls for the honor.

The idea of the King of Servia has so greatly pleased the Czar of Russia that he has gone so far as to agree that he will stand godfather to the first born to either Chicago through his attorney, a union which Chicago girls were chosen as pres-

**Girl Has Vision
Of Her
Brother Drowning
And It
Proves All Too True.**

ST LOUIS, Aug 3—While her twin brother, Fred, was being drawn to death in the quicksands of Long Lake, near Mitchell, Ill., Marie Huber, 17 years old, who was twelve miles away, in Granite City, at home alone shleeked and fell to the front porch in faint. Neighbors ran to her assistance and revivified her.

Fred is dying. I can hear him calling to me. He is drowning. Let me go to him," moaned the girl.

Marie made frantic efforts to leave the house, but was held back by friends, who assured her that Fred was all right. The girl could not be quieted.

Five minutes later a message came from Mitchell that Fred had been drowned. When the news reached his sister she again fainted and lay in a critical condition.

A comparison of time showed that the girl had fallen into the faint at the moment when the boy became entangled in the quicksand.

A WOMAN'S REASON

I love you for this my dear—
When the winter loom was cold
You snuffed me the sunlight clear
You gave me a hand to hold
And righted my helm to steer

I love you for this—you came
When the stars seemed afraid to shine
The light of your life was flame
A beacon that guided mine
And put all my fears to shame

And whether 'tis right or wrong
I love you the most for this—
The madness that made you strong
To seal my lips with your kiss—
And blad my heart with a thorn

Cat and Bullrope Rescued
From the Depths of the Hudson's
Into Which She Was Sunk.

HACKENSACK, Aug 1—Leaping dragged up on the bridge and placed in the car with two men watching her. Then Davis was hoisted off. The car was run back to the dugout, where two physicians were called. They worked over the girl for two hours before she regained consciousness. Then she became hysterical and it was found difficult to quiet her. She was taken to her home.

The Kregar girl is the daughter of John Kregar, a manufacturer of fireworks in Palisades Park. She is striking in appearance and in social gatherings always has acted in a happy manner. Her despair this morning however, seems to have been due to the unfortunate ending of a love affair. She left her home about midnight without arousing her parents and boarded a car bound west from Edgewater.

There were six other passengers in the car. They took little notice of the Kregar girl who sat with head bent over her folded arms. She made no move until the car stopped under the bridge over the Palisades Park. Then she straightened up and after the car had got out where the water was deep she darted quickly to the side of the vehicle.

Climbing over the bar that had been set down to prevent any man entering falling out she pulled herself steadily and then leaped into the water.

The moment Davis saw her jump he sprang from the running board into the river. The passengers shouted in excitement and leaped at the bell rope which caused the motorman to stop his car. Then they valled to him to back up so that the light from the car might show the two persons struggling in the water.

Davis went several feet from the Kregar girl when he reached the water. He saw her lie near. He swam toward the spot. Dived and found her. Grabbing her he brought her to the surface. There she struck him so rapidly at him screaming "I want to be let me go." One blow the conductor received was so daing that he released his hold. The girl sank again, but Davis was after her quickly and grabbed her by her hair. In that manner he kept clear of her hands and yet kept her afloat.

Thus he swam about in the water with the Kregar girl screaming. He shouted to the passengers to get a rope, and the bell rope was utilized. It was let down to Davis who tied it around Louise's waist. She had become so exhausted by that time that she made no resistance. She was

TRIBUNE'S GALLERY OF SMART SET

\$50 In Gold \$50

THE TRIBUNE'S contest for the handsomest woman in the smart sets of the Pacific coast will close on Aug 26.

The awards will be \$25 for the first prize, \$15 for the second and \$10 for the third.

The prizes will be awarded by a jury of artists, selected by THE TRIBUNE who will pass on each photograph entered.

The competition is for all members of the smart sets of California for the purpose of selecting the handsomest woman of the Golden West.

All communications are to be addressed to the Editor of the Woman's Page, OAKLAND TRIBUNE, Oakland, California.

WIFE, 100 YEARS

HUSBAND, 103.

I could persuade him to go back again to America. It is a wonderful place if some people do make wonderful fortunes. I am but we didn't have much luck. In England I lived like a lady at night twice lived that way all my life but here you see how I have ended.

Her husband then came toddling over to see what his wife was doing. He is an optimistic, jolly poly man who at his 103 years looks lightly. Tolstant doesn't realize how much better off she is here than if she was living with one of her children. Said he: "Here we have a nice home and a beautiful garden and we can sit on the benches and smoke."

Among those who helped the Ephrains to celebrate their 100th wedding anniversary was Samuel Ephrath, 103 years old, and Johanna Ephrath, 100. It was the first time a diamond wedding had ever taken place in the institution. In spite of the fact that among its 300 families fifteen of them are married couples nearing the century mark.

Mr. Ephrath is very gay and intelligent in spite of his hundred years.

She drew the attention of the visitors to her coquettish cap which had been made and presented to her by her ninety-two year old friend and fellow inmate, Mrs. Sarah Jervovsky, who makes caps.

The ages of the remainder of the company varied. If the two from

65 to 90.

Mr. Ephrath was born in Germany as was Samuel. They married in the old country some years before tiles of the opportunities in America attracted Mr. Ephrath. He came to New York sixty years ago and his wife went to live with friends in England. Five years later having established a little grocery store the wife was sent for.

I was sorry to leave England," said Mrs. Ephrath and I didn't want to come to America but then of course I had to go where my husband was. I thought

Mrs. Benson's Method of Making Husband Appreciate Fine Clothes on Other Women

Mrs. Benson has a keen eye for clothes and the pride thereof. Whenever she thinks she has been treated unjustly it is the matter of allowance and as a consequence wishes to make Benson feel particularly uncomfortable she sets a valuation upon the clothes worn by all the well dressed women they meet.

The linen dress worn by this woman in the corner cost Mr. Benson one evening cost not a cent less than \$10. Her hat looks simple enough but it cost about \$18. Her shoes cost \$25. Her belt \$3.70 and he grieved.

By the time Mrs. Benson had finished examining the articles comprising the \$75 wardrobe of the unknown woman, Mr. Benson was wringing uneasily. He looked round to see if there were no poor dressed women in the car. Mrs. Benson looked

at him and said: "Well, said Mrs. Benson, you don't feel proud about it? You're talking about me."

"I'm not," retorted Benson.

Why do you pick out only the expensive clothes for comment?" he asked. "There is at least one poorly dressed woman in the car. Look it over for a change. The woman behind us just now pointed to her hat and estimated its value at \$6."

"Well," said Mrs. Benson, "you don't feel proud about it? You're talking about me."

"Oh, I'm not," retorted Benson.

Apparently she is nothing but a mortal evidences of prosperity for she proceeded to point out other expensive hats and dresses. Presently Benson's ear was gladdened by the voice of the woman in the seat behind him. She too knew the art of pricing clothes and just then was engaged in that interesting pastime.

The hat looks well enough she said but it's cheap. It couldn't possibly have cost more than \$6."

Benson thrilled.

Why do you pick out only the expensive clothes for comment?" he asked. "There is at least one poorly dressed woman in the car. Look it over for a change. The woman behind us just now pointed to her hat and estimated its value at \$6."

"Well," said Mrs. Benson, "you don't feel proud about it? You're talking about me."
